What in life is important to me?

Would most people in the world agree with this?

Can most people in the world have this?

What do I need to get this future/world for me ?

What do I want in my future?

Would most people in the world agree with this?

Can most people in the world have this?

What can I give or do to get this future/world for others

What kind of world do I want?

Would most people in the world agree with this?

Can most people in the world have this?

Can the planet sustain this for all?

# CONVENTION ON THE RIGHTS OF THE CHILD

A close-up photograph of a bee resting on a human fingerprint. The background is a soft, out-of-focus gradient of warm colors, from light yellow to a pale blue. The fingerprint ridges are clearly visible, and the bee's legs and wings are in sharp focus.

A group of six diverse young people (three women and three men) are standing in a line against a blue background. The background is covered with various posters and graphics, including a portrait of a man, a fist icon, and several motivational phrases. A large blue banner with the text 'TAKE ACTION' is positioned across the middle of the group. Below each person is a white box containing a bolded word. The overall scene is brightly lit and has a professional, motivational feel.
