

HANDOUT: CHILD RIGHTS IMPACT ASSESSMENT

The purpose of this activity is to assess the consequences of the housing crisis in Ireland on the fundamental rights of children.

Identify the Rights: List and identify the specific rights of children that may be affected by the lack of adequate housing. (e.g., right to a standard of living adequate for health and well-being, right to education, right to participate in decisions affecting them)

Analyze the Impact: how might each rights violation impact the child? Consider factors such as stability, health, education access, and overall well-being.

Consider Vulnerable Groups: Explore how the crisis disproportionately affects vulnerable groups of children, such as those with disabilities, refugees, or those from marginalized communities.

Discuss the Long-term Consequences: Evaluate long-term consequences of inadequate housing on a child's life. Consider psychological, emotional, and physical well-being.
