## Protecting Children in Crisis

### Thank You

In 2024, UNICEF reached **448 emergencies across 104 countries**, delivering urgent aid to millions of children and families coping with conflict, climate disasters, displacement, malnutrition and disease.

Thanks to the ongoing support of Irish businesses, UNICEF has made a vital difference in the lives of children and families affected by crises in Gaza, Ukraine, Sudan, Lebanon, and Somalia, as well as the unsung emergencies through support of the Children's Emergency Fund.

On **World Humanitarian Day, 19th August**, we extend our heartfelt thanks to Irish businesses for their support of UNICEF and humanitarian workers raising awareness for humanitarian needs around the world. Your support has vaccinated 24.7 million children against measles, granted 9.2 million children with access to learning opportunities, and provided 3.6 million households with multipurpose cash grants.

UNICEF and partners bring warm clothes in Khan Yunis by distributing jackets, pants, sweatshirts and other winter gear to children in Al Fajer Camp, in Khan Yunis, South Gaza.

For many vulnerable families, harsh winters can bring additional stress. By ensuring every child has access to warm and appropriate clothing, UNICEF helps restore a sense of normalcy, comfort, and dignity amid a devastating war.

## Spotlight

### Irish businesses support for children

*"As a co-operative which represents Irish dairy farming families, Ornua is committed to supporting and protecting the vitality of communities, including those we represent and those we operate in. We also recognise the fundamental need for particular support for vulnerable communities around the world, especially those most impacted by conflict and disaster. We are proud to contribute to UNICEF's mission of building a more secure and compassionate world for every child through the UNICEF Children's Emergency Fund, which in 2024, delivered vital disaster relief, life-saving assistance, and hope to those most in need."*
