

Please support our fundraiser in aid of UNICEF Ireland

UNICEF Ireland are voluntary funded and really do rely on as much support from the public as possible to enable them to continue their life saving work in the field. Everything that UNICEF does is to help children survive and thrive until adulthood in over 150 countries worldwide. Every child has the right to survive, and UNICEF will continue their work until no child dies from a preventable cause such as measles, hunger or unclean water. Please support us in raising urgent funds for UNICEF Ireland today. Thank You.
