

## My Future

# My World

You have a right to life, survival and development  
You have a right to a future and a planet that is healthy  
and can support you.

### Article: All children have the right to

3 Adults to do what is best for you

6 Life, to survive and to develop healthily

41A any other rights that are better than the rights  
in the Convention for the Rights of the Child

### Fact

- The 11 warmest years on record have all occurred in the last 13 years.
- Ireland is likely to face more extreme weather events such as the recent flooding and storm surges, increased water restrictions and shortages of animal fodder and even food due to drought as the impacts of global warming become more severe.

### Think about:

How will climate change or the environment effect you in the future?

### Discuss:

1. Are adults making the best decisions about the future health of the planet?
2. Is your generation's future being protected?
3. Do you see these as a children's rights issues?
