

GROUP 4: ASSETS WORTH LESS THAN \$2,200

Workshop 3: Our Choices

Raymond Johnson

I am 16 years old. I was living with my Mum but I was having a lot of problems with her so I made her take me to my Dad. She took me to my Dad's where I lived for about a year but then he wanted to traffic me. I was rescued by a local organisation who gave me food, shelter and trauma support. I look at the matron of the shelter as though she is my Mum. She treats us like her sons and daughters.

"All I've ever wanted is to be an actor - that is my dream."

Nigeria?

Many millions of children are trafficked every year.

Which groups of children are most at risk?

Raymond continues to dream of his future.

How do you think this has helped him to survive?

How does going to school keep children safe?
